

THE HEIRLOOM WEDDING EXPERIENCE

the legacy of every unparalleled moment

INVESTMENT GUIDE

SARAH DUKE PHOTOGRAPHY

MY PHILOSOPHY |

I began my business with the same philosophy I had when I was planning my own wedding: Fine art photography at practical costs.

Drawing from my own experience as a bride brought on a challenging resolution for me in offering more than "just" wedding packages.

Like a fingerprint, no two photographs are the same. You can select the same location, the same time of day, but the elements in some way or another will be different.

Creating an experience is what diversifies me as a wedding photographer because of my understanding of legacy: what we leave behind. The keepsakes we pass on, and the role I have in fashioning them.

My approach is refreshingly unique because of the quality of care I deliver to the couples I am honored to collaborate with. Your day is a tailored experience, so your photography should be too! Which is why my craft combined with the connections I make with couples prepares for timeless and authentic photography – Heirloom Collections to be preserved and loved.

THE *Heirloom* WEDDING EXPERIENCE

THE PROCESS |

One way I ensure that my brides and grooms enjoy the best and unique photographic experience possible is by developing a relationship with my couples. A bride and groom should connect with their photographer, trust their photographer, and be excited about the whole process with them.

After booking, I love getting to know my clients through an engagement session that helps them warm up to the camera so that they are ready and excited about how coverage will be on their wedding day. And by the time the wedding day arrives, my clients feel more like friends! This in turn creates a safe and relaxed atmosphere for creating your heirloom experience.
